Community Outreach (Helen Duteau)

- The Community Involvement Coordinator (CIC) continues to answer inquiries from residents related to EPA's sampling activities. The CIC also participated in the sampling event today to manage any media interest. There was none. In addition, the CIC drafted a residential mailing list to use for any future communications such as fact sheets, etc.

Communications (Helen Duteau)

- The CIC received another media request today from Energy in Depth for an on-camera interview. The request was referred to the Region 3 Office of Public Affairs for follow up.
- The internal team continues to work on refining the Communications Strategy for residential data. In response to residents' requests for data results from the "short list" of analytes, the CIC is adding a question to the draft Frequently Asked Questions (FAQ) fact sheet to include EPA's approach to data communication.

Legal Issues

- Cabot's counsel advised the Office of Regional Counsel (ORC) that Cabot will provide further information in response to EPA's January 6, 2012 CERCLA 104(e) information request by next week. (Humane Zia)
